

Orlando FSDO FAAS Team presents:

## **Who's in charge of this flight?**

Have you ever flown with another pilot friend and had a disagreement on whether to proceed or terminate the flight? This month's scenario-based discussion will analyze 2 pilots who disagree about how to proceed with a flight. One wishes to divert, while the other, more experienced pilot is adamant about pressing on. This scenario will put your CRM skills to the test. Find out the best way to resolve this conflict in the cockpit. Come share your experiences and increase your knowledge of Cockpit Resource Management options for successfully executing an instrument flight. None of us are immune from potential problems like those experienced by our scenario aviators; we need to be prepared and learn from each other. This WINGS event will yield 1 Advanced Knowledge credit and is available for all pilots who attend. This seminar also serves as the monthly IMC Club meeting.

**Directions:** The Vigilante Room at Sanford Airport; it's in the Rental Car Building near the Commercial Airline Terminal. If you fly in to KSFB for this WINGS event, you can park at Millionair FBO and get a courtesy ride over to the seminar's location in the Vigilante Room.

**A message from the National FAASTeam Manager**

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!
